

iSHIP: SHIPPING AND INSURANCE

SAVE ON SHIPPING COSTS AND HAVE PEACE OF MIND

With the iPROMOTEu Shipping Program (iSHIP), you can feel confident your product will be shipped affordably, successfully, and on schedule. Orders will be protected, and support will be there to resolve issues if unexpected circumstances like damage or delays arise.

Promoting Your Success

3 REASONS TO CHOOSE THE iPROMOTEu SHIPPING PROGRAM

1 UNMATCHED DISCOUNTS

Our exclusive shipping program was designed to help you bypass the run-of-the-mill, inflated vendor shipping rates. Partner with us and take advantage of outstanding UPS shipping discounts that'll save you 20-25% compared to what vendors typically bill for freight. Plus, we've negotiated the removal of most third-party shipping fees.

2 FAILSAFE INSURANCE OPTIONS

Cargo Insurance (CI)

Cargo Insurance covers financial losses sustained if packages are lost or damaged during transit, regardless of method, carrier, or shipper account used. With our proprietary iSHIP program, you'll be eligible to get back not only the cost of the merchandise but also the full profit you expected from the affected order.

Time-in-Transit Insurance (TTI)

Time-in-Transit Insurance covers financial losses sustained when a package doesn't arrive on the scheduled delivery date. It covers all reasons for a delayed shipment (except for weather). TTI is sometimes required, depending on the order value. And, when selecting expedited shipping such as Next Day Air or Second Day Air, we recommend always opting for TTI.*

3 SPEEDY, PROFESSIONAL SERVICE

With iSHIP, freight charges and tracking info are imported directly into iSUITE, our order management system, the morning after shipment. Invoicing will never be delayed due to a missing freight charge, and you'll always receive fast, accurate shipping quotes from our responsive, experienced team.
